Subject: RE: Question

This is subject to change, but he will definitely be signing the Petroleum Refinery Sector Rule. He will likely also talk about the SSM SIP Call for Texas, maybe talk about the 2015 Ozone NAAQS. At some point they are supposed to discuss reservoirs in Texas and I'd think he would touch on the status of the Waters of the US rule.

The meeting will be at the EPA Region 6 offices in Dallas, 1445 Ross Avenue, Dallas, TX 75202. They can just go straight to the 12th floor when they get here. It will be from 12-1:15p, but it's not a lunch (#federalgovernmentlife). If they're driving, there are several pay to park lots around here and lots of meters. The surface lot on Ross directly across the street is \$9/day.

Thanks,

Subject: Question

Hey Erin,

You wouldn't happen to have a list of topics and talking points for tomorrow's meeting.

I just would like to make sure the Commissioner and Wei are briefed ahead of time and prepared.

Thanks,

Travis
